

OUR INITIATIVES SO FAR

In September 2012 we started collecting waste paper. We have collected 2,380 kg so far. The money from the sale of waste paper and the sale of feeders and nest boxes made by us will help old horses.

Since October we have been collecting food, bowls, blankets and other things which will help dogs in one of the shelters.

In September we started collecting used batteries and we want to finish this initiative in May.

On 26th January we took part in the nationwide Bird Count. We watched the birds in Zalesie Górne and the surrounding area. We spotted the following species: jackdaws, rooks, jays, magpies, blackbirds, tree sparrows, tits, grosbeaks, siskins, woodpeckers, nuthatches, fen-ducks.
